My name remains Yinkus the Iyalode of Yoruba Airwaves, I am in the studio as always with my padi Bosun Adeleke a.k.a Da Boss and together we shall treat you to a wonder time on the program Ireti Eda
3. **BOSUN:** **(HAPPILY)** Iyalode I am delighted to be on the program oh...do you know that this very program has made me very popular, in fact all the youths in my area now call me the "Fuji Commando", thanks to everyone listening in on this program, to those of you that have been sending in your messages ile ise yin o ni jo na oh, owo yin a maa ro ke lagbara eleduwa (You will all continue to prosper).
4. **YINKA:** Amin o. We should listen to our drama now. I am actually concerned about Folashade and Oyemade o. I hope they can resolve their issues now that Bello has intervened.
5. **BOSUN:** I hope so too. But I am more concerned about Abokede's wedding. I hope all goes on as planned
6. **YINKA:** How is your own preparation going by the way?
7. **BOSUN:** Very well thank you Yinkus. But it is not easy o
8. **YINKA:** I know. You will tell me all about it but first let us listen to our drama
9. **CUE IN:** **DRAMA THEME SONG TO THE DRAMA**
10. **CUE IN:** **EPISODE 21 OF DRAMA FOR (12 MINUTES)**
11. **BOSUN:** Welcome back. The program is still ireti eda and you have just finished listening to our drama for today. Yinkus, why are you looking so sad?
12. **YINKA:** Hmm! Ki olorun shaa ma gba wa lowo eni ton sho ni ti a ko sho (may God continue to protect us from those that do us evil without our knowing it). This Iyabo is an evil woman o. What is her problem?

13. **BOSUN:** She our people have a saying, ‘everyday is for the thief, one day is for the owner’. She too will reap the consequences of her actions, I assure you.
14. **YINKA:** I wonder where this drama is going o. I can’t wait to see how it will all play out
15. **BOSUN:** (chuckles) Well I am sure that our listeners feel just the same way but you all have to tune in next week to find out
16. **YINKA:** That’s true o. My dear listeners the program is still ireti eda. Bosun, please play us some music. We’ll be right back. Don’t go no where
17. **MUSIC BREAK: CUE IN MUSIC**
18. **BOSUN:** Welcome back. That was mellow by Adewale Ayuba
19. **YINKA:** Hmm, Bosun, aunty Adunni has raised some concerns among our listeners o
20. **BOSUN:** What kind of concern is that?
21. **YINKA:** Remember that during the last episode, she encouraged people to put FP in their budgets
22. **BOSUN:** Yes I remember and I think it’s a good idea. Don’t our listeners agree?
23. **YINKA:** From the messages I’m getting, it’s not that they don’t agree but they think FP must be expensive if they have to budget for it
24. **BOSUN:** Ah, but that’s not true. FP commodities are free in government clinics and hospitals.
25. **YINKA:** I know. And that is why I have invited aunty Adunni back to the studio to clarify that
26. **BOSUN:** I can see that she is around already. Let’s give her a warm welcome
27. **FANFARE: SOUNDS AND CLAPS TO CHEER AUNTY ADUNNI**
28. **YINKA:** Welcome to the program aunty Adunni
29. **ADUNNI:** Thank you Yinkus. Bosun, ku ipalemo o (happy preparations)
30. **BOSUN:** Thank you aunty.
31. **YINKA:** Aunty Adunni, since last week I have been receiving so many text messages o.
32. **BOSUN:** I think we should just delve right into it
33. **YINKA:** That’s right. This one is from Temilade. *‘Aunty Adunni, how much should one budget for FP’*
34. **ADUNNI:** Ah! That is a very tricky question. Before you can know how much to set aside for FP, you must first visit a FP provider who will assist you in choosing a method. It is after you have chosen

- a method that you will know how much each method will cost depending on where you are accessing it
35. **YINKA:** But are the FP commodities expensive?
36. **ADUNNI:** Of course not. FP commodities are free at government clinics and hospitals and if someone goes to a private clinics they are a reasonable cost. Yinka, Bosun, both of you are on FP, you should know that.
37. **YINKA:** I know aunty Adunni but we need to let our listeners also know what we know. How much are they at the private clinics?
38. **BOSUN:** Well, I use the condoms and you can get that for as low as N20
39. **ADUNNI:** Even the female condom is just about N50
40. **BOSUN:** That's true. They are cheap and easy to get
41. **ADUNNI:** You know even other FP commodities are also not expensive. Just the amount of money that you can use to buy recharge card or soft drink will buy you a FP commodity. For example, a product that can prevent pregnancy for one to three months, in fact up to five years sef can be purchased from private establishments for as low as N800
42. **YINKA:** And, as you said some government hospitals, these FP products are even free
43. **ADUNNI:** That's very true. Please friends at home just go to your local FP provider and investigate the prices yourself. You will see that they are actually very affordable
44. **YINKA:** Ah aunty Adunni, this is an interesting question here. It from Bose she wrote '*please don't you think that making FP products free will make our youth promiscuous?*'
45. **ADUNNI:** Well, FP is for sexually active people, both young and old. If a girl is sexually active, then she should be able to prevent herself from getting pregnant. I think preventing pregnancy is better than getting an abortion o
46. **YINKA:** Far better. What with all the risks involved in abortion! It's good that the products are cheap and accessible to both married and unmarried in other to avoid unplanned and unwanted pregnancies.
47. **BOSUN:** Moreover, it's high time we took care not to make mistakes like our parents in the past. They never opened up to educate the girl child on how best they should protect themselves against sexually transmitted diseases as well as unwanted pregnancies.
48. **ADUNNI:** That's true Bosun, this is the very essence of this program, it is meant to educate the married and unmarried men, women,

young boys and girls on how to live a healthy and productive life. Thanks Bosun and I want our listeners to know that FP is a way of life that improves the quality of life

49. **YINKA:** You're right Aunty Adunni thank you so much for enlightening us on today's topic. We hope to hear from you next week, same time, same station. Let's take another music break, we will be right back

50. **MUSIC BREAK: CUE IN MUSIC:**

51. **BOSUN:** Welcome back. That was Saheed Osupa doing his thing

52. **YINKA:** Now to our quiz segment of the program, our question for today: How much are Family planning commodities at government clinics and hospitals? Make sure you visit a provider. You will get the answer there. You can send in your answer via text message to this number remember, there are prizes to be won

53. **BOSUN:** If you would like to know where you can access FP services, you can call or go to a clinic, chemist, pharmacy or drug seller with a sign that reads "Get it together" and has a blue, yellow and orange puzzle pieces logo.
